

# Warranty Policy - Speedoz Limited

Applicable For Official MT, AXXIS, and ORIGINE Helmets

Speedoz Limited provides 1 (one) year limited warranty coverage for all official MT, AXXIS, and ORIGINE helmet products with the below listed exceptions.

## Reasons Why Your Helmet Will Not Be Covered by Warranty:

- An accident or a fall.
- Any customization or technical modification made by the user (paints, glue, adhesives, screws, etc.).
- Application of/contact with harmful chemical products (including methylated spirits on the visor treatments), or an intense heat source.
- Lack of maintenance and care.
- Usage under abnormal conditions (i.e. using underwater, or in extreme weather conditions).
- Paint fade and color degradation due to prolonged exposure to sunlight/UV light. Especially, high-viz colors are prone to faster UV degradation because of their nature.
- Damage to paint due to usage.
- Aging/damage/cracks of inner fabrics/liner due to usage.
- Damage to inner fabrics due to contact with water.
- Helmet breathing coming off due to usage.
- Scratching and marks on the visor & external parts.
- Damage to the UV coating on the visor due to usage.
- Color chipping on the EPS.

**Note: Helmet Accessories are not covered under warranty.**
